

YEAR FIVE

Separating Mixtures

As part of our learning in Science this half term, we have been looking at methods to separate mixtures. Unfortunately, Harry spilt all of his potion ingredients into his pot and needed to separate them! The children used sieving, filtration, evaporation and magnets to separate different materials. They then

wrote a set of instructions to explain how to separate a mixture.

Breaking News!

Year 5 have been writing in a journalistic style to report about a troll breaking into Hogwarts and endangering some first year students!

We looked at the features and language of newspaper reports and then used this, along with our knowledge of the Harry Potter story, to create our own newspaper reports. Take a look at an extract below!

Terrible Troll in the Girl's Bathroom

Last night, at Hogwats School of Witchcraft and Wizardry a troll broke into the girl's lavatory causing distress for first year students.

Yesterday, at Hogwats School of Witchcraft and Wizardry, it has been reported that there was a troll break in. It was claimed that the troll ended up in the girls bathroom. 'I was petrified as I only just got out to see a troll standing right in front of me!' explained Hermione Granger. It has been rumoured that three students - all in their first year - incapacitated the troll. Ron Weasley and Harry Potter explained that they just had to come and save their freind Hermione Granger.

Reports claim that the parents of the students of Hogwats are uneasy about this incident. Mrs Weasley warned, "I am very concerned as my generation have been here and not once has this happened so I am very concerned this must BE SORTED!" Albus Dumbledore informed that all students at this school are extra safe.

A big well done to Frank Class who did a wonderful class assembly last Friday!

Please remember all children need to bring a water bottle with them to school, even if they are having a school lunch!

Weather

As it continues to get colder, please ensure that your child comes to school with a coat for break-time and lunchtime!
