

Year 5 Homework – Spring 2

Homework will be set on a Friday and will be due in on the following Friday.

There will be weekly Maths and English activities which all children will be expected to complete. Those children who do not attempt to carry out homework tasks will be required to spend some time on a Friday lunchtime looking at it.

The tasks will be explained to the children each week. However, if after looking at it in further detail over the weekend they require further input, they should talk to their class teacher on a Monday.

English	Maths	Topic
<p>Per week:</p> <p>Reading – at least 3 times (Please record this in your Reading record for your teacher/TA to see)</p> <p>Spelling activity (Please practise these in your green spelling books – The more practises, the more effective your learning of these)</p>	<p>Per week:</p> <p>MyMaths Activities set by your class teacher.</p> <p>Times Table Rockstars practise to aid learning of multiples.</p>	<p>Optional extras:</p> <p>Design and create your own healthy meal using fresh ingredients. Write some instructions and add photos of the steps to show other people how to make your delicacy.</p> <p>Grow your own food at home. Pick a seed which can be sown outdoors in March or even something that can be grown indoors and then re-potted. Do a quick search on Google first. Take some photos to share in class.</p> <p>Create your own Andy Warhole inspired Pop Art. You could use paint, crayons, feltips or a computer programme. Check out this video to find out more: https://www.youtube.com/watch?v=DhEyoDCTSDQ</p> <p>Create a leaflet informing children about what Fair Trade is and why it is so important for farmers across the world.</p> <p>Pick a fruit or vegetable and create a storyboard, which maps its journey from farm to your cupboard/fridge. Make sure you include every step of the process. Can you work out how far it travelled? Does it have a large or small carbon footprint?</p>
