Dereham Church of England Junior Academy

Issue 6

## Macbeth — A Scottish Play

### Design Technology

We have been busy in Year 6 working on our design skills in Design Technology: designing a periscope suitable to see over the walls of the Macbeth castle and learning how to draw these accurately in technical drawing.

### Art

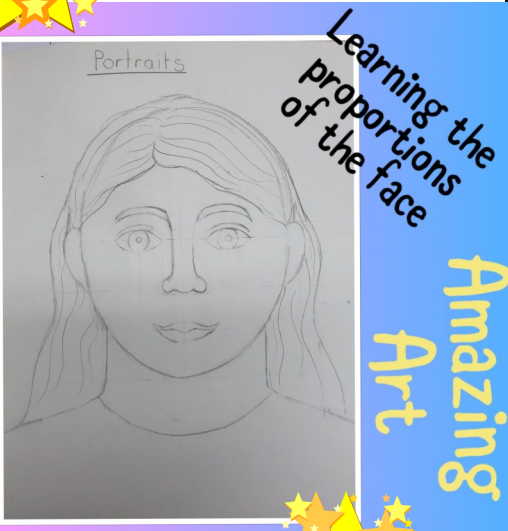

In Art, we are beginning to learn how to construct a portrait in preparation for our Macbeth pieces. We have learnt about the proportions of the face and its features using guidelines to help us.

### Science

We have been building on our prior learning on Light and discovering how light reflects and refracts through some fun experiments.

Over the past week, Year 6 have been researching, creating fact-files and planning in preparation for writing their own Non-Chronological Reports about their chosen animal next week.

In Maths, we have been learning about Fractions, Decimals and Percentage equivalents.

### Reminders:

Please remember to:

- Read regularly at home— **HP Friday**.
- Complete and hand in your homework on time— **Marked on Wednesday**.
- Wear **APPROPRIATE PE** kit to school on your PE days.

Outdoor PE continues into the cold months so please make sure children have warm clothing for their sessions.

- Practise Spellings for a weekly test.
- Practise Times Tables where possible!

**It is important that your child also has a suitable change of shoes for outdoor play.**

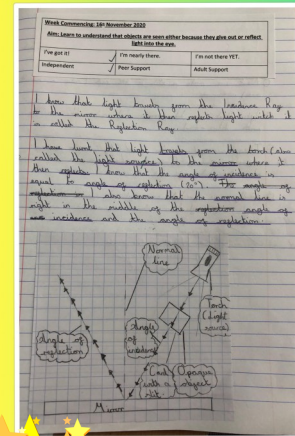

### Upcoming Events:

8.40 to 8.55 soft start and 3.18 finish will continue.

**COMING UP NEXT**

(Please see the latest letters on the website for more information about COVID procedures etc).

**11th December— Christmas Jumper Day and Decorations afternoon.**

**Science Experiments**
