

YEAR FOUR

RE Week

This week, we have been answering the BIG Question, 'How does Muslim belief affect the way they live their lives?', focusing in particular on the Muslim festival of Ramadan. We have explored the lived experience for Muslims locally and nationally and how Ramadan is celebrated. The children have particularly impressed us, with their reflective questions, breadth of understanding and respect shown to the beliefs of others.

New Topic - Peter and the Wolf

Our upcoming topic will take a Music focus, enabling the children to use musical terminology when expressing their likes and dislikes about a piece of music and, using **Chrome Music Lab**, to compose their own music to a given stimulus.

Follow this link to explore the software:

<https://musiclab.chromeexperiments.com/>

During this topic, the children will also explore the science behind how sounds are made and recognise that the sound waves travel through a medium before reaching the ear.

A book to read

Learn about all of the ingenious instruments that make up the orchestra in this book by Avalon Nuovo.

Class Photos

Tuesday 20th April

All classes to wear School Uniform please.

This half-term's value:

Respect

During Collective Worship this half-term, we will be exploring Respect, one of our six School Values. This week we have been reflecting upon Valuing Difference.
