

YEAR FIVE

The circus comes to Dereham Church of England Junior Academy!

Last week, the circus arrived at Dereham Church of England Junior Academy and taught us some neat tricks!

Each class was able to take part in a circus workshop, where children were taught how to spin plates, use diablos and juggle scarves.

It was great fun and some of the children were even lucky enough to take part in the actual circus show!

What have Year 5 been learning about this half term?

Over the last two weeks, we have been learning all about the human lifecycle and puberty. Children have been taught about the changes that our bodies go through as we grow up and how both animals and plants reproduce.

In English, we have written our own diary entries about our experience discovering a new planet in space. Our writing has been out of this world!

In Maths, we have been revisiting written methods for addition, subtraction, multiplication and division to help us solve multi-step problems.

Week 6 Highlight!

This week, Year 5 took part in their very own Ukulele concert.

They played classics such as; Mango Walk, Step Back Baby, My dog has fleas and When the saints go marching in.

Library Visit

This week, Dereham library came to visit us and remind us about the summer reading challenge, 'Mischief Makers'. Can you read 6 books in 6 weeks?! Make sure you check it out!
