

Year 4

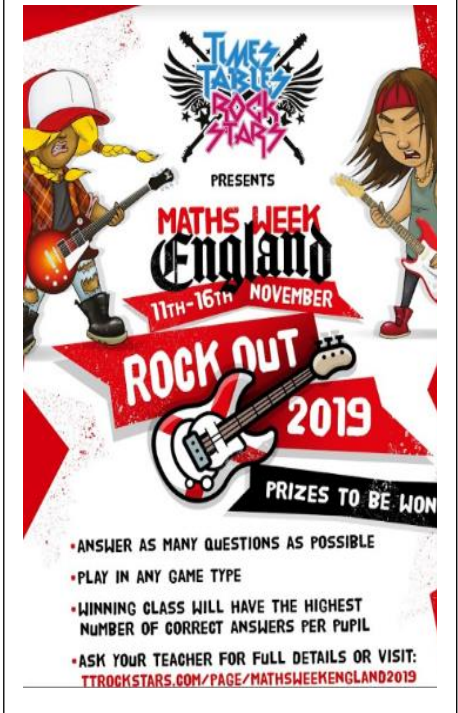

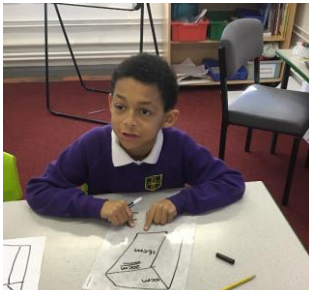

What have we been up to?

Maths Week England 2019

This week has been maths week and we have been busy doing lots of maths activities including a live webinar on Wednesday!

Don't forget to keep practising your times tables using TTRockstars

PE

As it is now pretty chilly outside, please make sure your child/ren have appropriate clothing for outside PE - jogging bottoms, jumper and trainers.
Babbage & Nightingale - Wednesday
Dickens & Parks - Thursday

Ramble for Children in Need - This is postponed until Friday 22nd November, 1.30-3pm

In English we are learning all about play scripts ready for our Treasure Island performance in December!

In Maths we have also been learning about how to calculate the perimeter. Why not have a go at measuring and calculating the perimeter of rooms/objects in your house?

Be Respectful, Be Safe, Be Ready
