

# Year 5

What an interesting return to school after the Easter break. The children are currently learning all about Ancient Greece! At the end of the topic they will be forming their own opinions on what they think the greatest legacy of the Ancient Greeks was. This week the children have been discussing democracy and have taken part in a version of Greek democracy.

## English

At the moment the children are learning to write a balanced argument. Their topic for discussion has been whether Athens or Sparta was the greatest city-state of Ancient Greece.

## Maths

This week the children have been learning about decimal numbers.

**PE days - Please send your child to school dressed in their PE kit.**

**Naidu** - Tuesday (outdoor) and Friday (indoor)

**Pankhurst & Wilberforce** - Tuesday (indoor) and Wednesday (outdoor)

## Homework

Every week children are expected to:

- learn their spellings (use Edshed)
- practice times tables using T.T. Rockstars or any other method
- read three times a week.

This really does help them. Thank you for your continued support.
