

Year 5

Topic...

Our topic this half term is *Ancient Greece*. We have been learning about what the Ancient Greeks are famous for.

So far we have learnt about democracy, sculpture, religion, warfare and the Olympics.

This week we have been learning about the Olympics and comparing the ancient Olympic games to the modern Olympics. Did you know that the ancient games only began with one event? Today, 33 sports are part of the competition with a staggering 339 gold medals up for grabs!

Next week we will be deciding what was the the greatest legacy of the Ancient Greeks and presenting our decisions to our class.

NSPCC Number day

On Friday 7th May, we took part in the NSPCC Number day. We enjoyed taking part in lots of maths activities and worked together to complete challenges. We could come to school dressed as anything linked to numbers. It was a great day.

Well done to Keylah, Phoebe and Brook - they were awarded the best dressed award!

English...

We have loved exploring the Ancient Greek myths, Medusa the last few weeks. The children have written their own version. Next week, we will be using what we have learned to write our own myths.

Reminder...

Please remember to send your child to school with a full and fresh water bottle each day. Learning is thirsty work!
