## Year 3 Newsletter

### Google Classroom

If your child is off with Covid and they are well enough to work, we are putting work up on Google Classroom. This will bring Year 3 into line with the rest of the year groups. If your child is off with Covid the office will send you instructions on how to access their work. But please remember if they are not well enough to work they don't have to work.

### R.E.

We have worked hard during our R.E. week which has been all about finding out what Christians think God is like. We have studied some of the parables that Jesus taught as well as looked at some of the actions that God did in the bible.

### Topic

We have finished our Stone Age topic and the children seemed to have really enjoyed it. They've really blown our socks off with the information that they've retained. We are now moving onto our 'in the spotlight' topic. In this topic we will be looking at light and dark and how we can manipulate light in many different ways. We will also be looking at shadow puppets and will put on a Christmas nativity puppet show which you will be able to see online!

### Key Info

Please remember to kit your children out with warm clothes as the weather gets colder. We have to have the windows open a lot more than we'd usually have to keep the rooms well ventilated.

Children will remain on the field at playtime as we do not have enough hard surface playground to keep the Year group bubbles separate. If you would like your children to have wellies that they can change into feel free to send them in.

### Maths

These last few weeks we have returned to our work on column addition. It has been great to see the children pick up how to do this using diagrams. We are now moving to just use numbers. Children knowing their number bonds to 10 is really important to this so feel practise it at home.
