

YEAR FOUR

Dereham
Church Of England
Junior Academy

Christmas Lamps

In DT, we have been busy making our Christmas lamps and applying the final touches before we deliver them to our clients. As part of our project, we have created our own switches and applied what we have learnt about circuits, in Science, to our own lamps.

Christingle

Last week, Year 4 enjoyed their first visit to St Nicholas Church since joining our school! We celebrated by creating Christingles and were reminded of the importance to Christians of celebrating the birth of Jesus at Christmas time. Did you know that the candle represents Jesus as the light of the world?

Ukulele

In Malorie and Seacole class, we are nearing the end of our weekly ukulele sessions. We have been learning how to play the C, F, G7 and D7 chords and using these to perform our own cover of the Christmas classic, Jingle Bells.
