

Year 5

Topic...

Our topic this week has been The Norfolk Broads-Fieldwork!

We have been learning about the origins of the Norfolk Broads and how they are man-made waterways due to 'turbary'-peat digging! We have created our own line of enquiry and worked with a partner to present our findings.

Year 5 head to Norfolk Broads...

This week we have been on another outing! We had a fantastic trip to the Norfolk Broads; we took a boat ride and we also had a trek exploring the local wildlife. Not only did we research our line of enquiry but we took the opportunity to sketch/shade and replicate the colour of an object in nature.

English... A time slip story!

We have been inspired by Shadow Play—a part-historical and part-contemporary story. A novel in which Ben seems to travel back in time to the Victorian ages while on a boating holiday. We have wrote our own time slip stories this week!

PE.

This term we will be doing athletics

With the warmer weather, please use sun cream, hats and bring in water bottles!

SPORTS DAY 24TH JUNE
