BLOOD, SWEAT AND TEARS

Over the past few weeks, Year 6 have been learning about the Circulatory System and the impact that exercise has on the human body. They have worked in teams to conduct a science investigation, forming predictions rooted in scientific understanding and using their results to

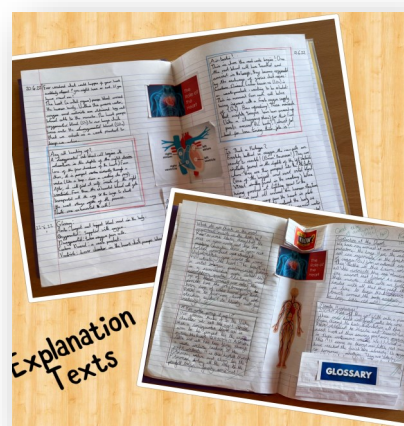

prove or disprove their theories. Using straws, students have also created a 3D model of the Human Circulatory

EXPLANATION

As part of the Topic 'Blood, Sweat and Tears', Year 6 have been writing their very own Explanation texts to illustrate and describe the process of Cardiovascular System. Not only were these pieces highly informative but also quite humorous too with many pupils using asides to the reader throughout the piece.

Here are a few examples...

Benin Gone!

This past week we have launched our Benin Topic which is all about the rise and fall of an Ancient Civilisation. Students have been completing independent research to discover more about the Benin Kingdom and in the upcoming DT lessons, Year 6 will be designing and making their own 3D structure from wood to house a 'Benin Bronze'. Those not attending the Lakes Trip will be creating their own Benin Bronze using clay. We look forward to sharing their masterpieces with you soon.

The Lake District Trip Reminders

With the trip rapidly approaching, please can you ensure that children bring:

- ♦ 2 x pairs of trainers
- ♦ 2 x black bin bags
- ♦ Appropriate active wear

Please note:

- ♦ The coaches will be leaving at 7.45 am.
- ♦ Devices that link to Wi-Fi are not permitted
- ♦ A maximum of £15 spending money for the duration of the trip.

Dates for the diary :

- ♦ Tuesday 19th July = Leavers' Assembly 2pm
- ♦ Wednesday 20th = Year 6 'Summer Vibes Fish and Chips Picnic'
- ♦ Transition to High Schools = Thursday 21st and Friday 22nd July.
