DEREHAM CHURCH OF ENGLAND JUNIOR ACADEMY

ACCESSIBILITY PLAN

2022-2025

Our aim is for all pupils to develop the knowledge, wisdom, skills and personal attributes in order for them to lead a life *'better than they ever dreamt of'*. Through our values of respect, courage, kindness, creativity, aspiration and trust we support our pupils to grow both academically and personally in order to fulfill their potential. We ensure our curriculum is ambitious for all children and adapt this to meet the needs of all learners. We are an inclusive school and although large in size, treat all children as individuals. This ensures that staff are clear about needs and barriers to learning, planning effectively to enable pupils to access the same breadth and width. All pupils have full access to the whole curriculum offer, including clubs and school visits, where, when needed, adaptations are made to support this access.

1. The Purpose of this Plan

This plan sets out how Dereham Junior Academy will increase access to education for disabled pupils in three key areas:

- a) increasing the extent to which disabled pupils can participate in the academy curriculum;
- b) improving the environment of the academy to increase the extent to which disabled pupils can take advantage of education and associated services;
- c) focusing on how we deliver information, which is often only provided in writing to improve accessibility for all including disabled parents.

Our school accessibility plan will be reviewed every three years and reported on annually.

2. What does accessibility and inclusion mean for our academy?

We are committed to providing an academy that can be accessed, understood and used to the greatest extent possible by all people regardless of their ability or disability.

When reviewing or redesigning our academy environment (such as our buildings, technology, information, communication or culture) we will be guided by the following:

- (a) Provide the same means of use to enable access for all users: identical whenever possible; equivalent when not
- (b) Avoid segregating or stigmatizing any users
- (c) Provisions for privacy, security and safety shall be equally available to all users
- (d) Ensure dignity in use for all users.

3. Definition of disability

The definition of disability is set out in the Equality Act 2010, Part 6:

‘A physical or mental impairment which has a substantial and long term effect on a person’s ability to carry out normal day to day activities’.

Reasonable adjustments for disabled people

Where something the school does places a disabled person at a substantial disadvantage compared to a non-disabled person, we will take all reasonable steps to try to avoid that disadvantage. This may mean changing the way we work, providing extra equipment or removing physical or other barriers.

4. Information about our academy

You can find out about our academy on our website: <https://www.derehamjunior.dneat.org>

5 What we have in place to make our academy accessible

Please see *Access Arrangements 2022-23* on our website to find out more about how we have made our academy accessible for all pupils.

6 Challenges to accessibility that we want to address

We are a large site and although all year groups can be accessed, there are not direct routes for all year groups or classes. Sometimes, a longer route or diversion is needed for those for example who are in a wheelchair. Our plan addresses areas to be further developed.

Action Plan

Curriculum

Continually improving teaching and learning, lies at the heart of the school's work. Through regular and rigorous self review and continuous professional development, we aim to develop the knowledge, skills and understanding of staff to promote excellent teaching and learning for all pupils. Communication

We need to ensure that information is shared appropriately to children and families where there are disabilities.
