

COVID-19 Catch-up Funding

In response to learning lost as a result of the COVID-19 pandemic, the government afforded extra money to schools in order to help children who were impacted by lockdowns and absence, 'catch-up'.

This funding comes in the form of:

- Recovery Funding Premium
- National Tutoring Programme allocations

Recovery Funding Premium

We link the Recovery Funding Premium to our Pupil Premium Grant and use this in a variety of ways to support pupils in catching up. This includes, amongst other things:

- funding our year 3 summer school
- additional teaching and support staff hours
- running after school interventions
- providing training and resources for catch-up schemes.

These are detailed within the Pupil Premium Strategy which can be viewed on the website under the 'Additional Information' tab.

National Tutoring Programme allocations

Although still used to fund catch-up for the pupils, the allocation from the National Tutoring Programme is 'ring-fenced' and can only be used to provide support in particular ways. How we have used this since it has been allocated, is detailed below.
