Year 3 Newsletter

Key Info

Due to events beyond our control, the BeWILDerwood trip date has been changed. The BeWILDerwood trip will now be on Friday 26th May. The trip will still be in school time so there should be minimal impact

Topic

This week we have been drawing scientific diagrams of plants as well as producing comic strips based on how bees pollinate flowers. Finally we started our cress seed experiments. I wonder if all our seeds will grow?

English

Our bee stories are continuing to be going really well. By using pictures to plan our stories first, we really understand where our story is going before we put pen to paper. We have really enjoyed coming up with problems for our bees. Some problems include: being swotted by children, tractors destroying a field of flowers, being bullied by an unkind swarm of wasps, and having our bee's wings falling off.

Further info on Year 3 trips

Thank you for those that have already contributed to the BeWILDerwood trip. If you haven't done so, please make sure you have given permission for your child to go- you can do this via the app. Our next trip to Time and Tide museum which includes time on the beach will be on the 29th June for Mandela and Gandhi and 30th June for Curie and Keller. This trip will cost around £12. As long as the weather is good, this trip will be longer than the school day. The children will get back to school at around 5:30pm.
