

YEAR SIX

Crucial Crew Trip - Thursday 9th March

Crucial Crew is a multi-agency safety education event for year 6 children across Norfolk. The programme involved the service working alongside partners including: RNLI, Norfolk Constabulary, Norfolk Fire Service, Air Ambulance, St Johns Ambulance and NHS to stage fun, engaging and informative safety events through experiencing risk in a safe, controlled environment. Year 6 had a fantastic experience and came away with lots of valuable new learning.

We are Scientists!

Monday saw our first Science Family Café at DJA for a couple of years. We loved inviting parents and relatives into classrooms for an afternoon of all things science - we all had a blast!

Malala and Tabei both explored the science around water, looking at water density, buoyancy, adhesion and cohesion. Here are some fab pictures below!

Mocks magnificence

The whole of the DJA staff involved and Year 6 especially want to say a HUGE well done to all of our students who sat their Mock SATs last week. Everything ran smoothly and having looked at the results, there is some excellent progress being made across the year group. Very well done to all of you for giving your best and taking everything in your stride!

Red Nose Day - Comic Relief - Monday 20th March

The official Red Nose day is this Friday, 17th March but we at DJA are looking to celebrate on **Monday 20th**.

This year we are looking at dressing in non-uniform. We are asking that the Children support this charity by dressing up and giving a donation on the day. We will also be offering face painting – red noses and funky brows. This will be £1.00 per person and will take place at lunchtime.

Check out the new red nose, designed by the designer of the iPhone, on sale across many different stores for £2.50. Amazingly, it is made from 95% plant-based materials! WOW!
