

# Dereham Church Of England Junior Academy

## Year 3 Newsletter

### Key Info

Please continue to help your children with their reading, their Timestable Rockstars and their Spellings Shed games. This really will make a difference to their academic performance.

### English

We have used our topic work about the geography of Dereham to write a non-chronological report about Dereham and all the facilities that make up our town. Children have written about the history of Dereham as well as the amazing range of family attractions and shops that keep the locals happy and attract tourists. We hope that the children will have a lot more pride in their town the more they know. After all there is only one Withburga Well

### Topic

We are coming to the end of our Dereham Delivers topic. It has been great to see the children enthusiastically enjoying their geography work. Last week we used the information from our fieldwork to write a letter to the council about what facilities there are for children in Dereham. Next week we will be looking at the paintings of John Constable

Below and across are some photos from our recent field work trip around Dereham

### Maths

Over the last few weeks children have been working on telling the time and then practising their addition and subtraction skills. We have looked at o'clock, half past, quarter past and then increments of 5 minutes. This is a really important life skill and the children are doing well. It would be great if you could reinforce their learning at home especially with analogue clocks.
