

YEAR FOUR

Last week... we learnt about the science of sound — what sound is, how we hear and what we mean by the terms 'pitch' and 'volume'.

This week ...we are learning about how to use sound to create a 'soundscape' of the jungle. We have been improvising using body percussion and tuned and untuned percussion instruments to make sounds to represent jungle animals.

Next week... we will be composing using Music lab. The children will create QR codes so that they can share their compositions with their family and friends.

End of School Year...

The children will be having two transition days (Thursday and Friday) with their new teachers in Year 5 before the school year officially ends on Friday afternoon.

It would be useful for you child to bring a large plastic bag to school on Tuesday/Wednesday so that they can carry their books etc home. They must also return all library books and reading books to their class teacher by Wednesday please.

We would like to say a fantastic 'WELL DONE!' to all of the children and also 'THANK YOU' to parents and carers.

We have all enjoyed our year working with you and have many great memories of our time together!

We would like to wish you all a very happy, relaxed and enjoyable summer break.
