

# YEAR FOUR

## Maths

We have been learning all about tenths, hundredths and decimals this week! We have been working on partitioning fractions in different ways and learning how to write fractions as decimals to two decimal places.

## English

We have finished our poetry unit where the children wrote their own poems all about rivers. They learnt how to use metaphors and personification in their own showcases. The results were wonderful. They then performed them to the class. Our next unit is persuasive writing which the children have been very enthusiastic about.

## Homework Each Week

The following must be completed each week:

1. **Minimum** of 3 x 10/15 min sessions on TT Rockstars
2. **Minimum** of 3 x 10/15 min sessions on Spelling Shed
3. **Minimum** of 3 x 15 min reading sessions—diaries **MUST** be signed

## RSHE and Life Skills

This term we have been learning all about 'Healthy Lifestyles'. We learnt that food has no moral value and there are many reasons for different food choices. We learnt that joyful movement, sleep, play, friendships and a variety of food is all important for our health.

## Topic

We have continued with our Water, Water Everywhere topic. We have been learning all about the water cycle and have had a go at two scientific investigations. We have investigated the melting points of different materials and have also learnt that temperature effects the rate of evaporation during our evaporation experiment. We have also been learning about water sustainability and have created some top tips on how to be careful with our water usage.
