

Whilst this half-term has been short it has been busy. It was great to see many of you at Parents Evening and to share your children's progress with you.

Thank you to those of you who joined us at the Magnificent Magic Maths Show yesterday. The children were buzzing and it was fantastic to see them so engaged and excited by the maths activities that they took part in.

We are now looking forward to our trip to the Natural History Museum on Tuesday next week. Please do ensure that your child has plenty of food and water with them in a rucksack, It is going to be a super, but very long, day for them.

Art: In our topic work, we have studied Van Gogh's and Hokusai's interpretation of water. We have then replicated Hokusai's famous artwork 'The Great Wave'

In Maths we have been learning about...

We know that line graphs represent continuous data that changes over time. We have practised drawing line graphs, reading and interpreting

What's coming up next term?...

W.c. 15th April - **Why is it important for Jews to meet together?** (Religion and Worldviews—synagogue visit)

W.c. 22nd April - **What was the Greatest Legacy of the Ancient Greeks?** (**Dress as a Greek—26/4**)

W.c. 17th June - **Is it fair?** (Religion and Worldviews)

W.c. 24th June—**Lifecycles and Fieldwork** (Trip to the Norfolk Broads)

We would like to wish you and your families, a relaxed and fun-filled Easter Break and look forward to seeing the children in school on **Monday April 15th** for the start of the summer term!

Homework Expectations:

30 minutes TTR and EdShed (this is in addition to whatever is completed in class)

A minimum of **4 reads each week**— please chat to your child about their reading as their comprehension of a text is vital to enjoyment and good understanding. Please sign the diary when your child reads as this helps with communication between you and your child's class teacher.
