

# Year Three!

## Plant Power!

This half term, we have learnt all about how amazing plants are. We have learnt about the lifecycle of a flowering plant, including pollination and seed dispersal.

As my eye slowly opened, I saw a deserted, long, dark, all around me! I couldn't believe my eyes. Above me, I saw a feathery, chocolate brown bird flying beside a cloud. The softest cold lake next to me was making so much noise that I couldn't hear the squaking birds! There was a giant spiky rock next to a hole with a spiky bird not not inside.

Mistry could see the phythron coming closer and closer. Mistry's heart was thundering and his whole body was sweating, he need to act. I was now or never! He used his brain. "Everybody don't move!" whispered. Mistry's mind was racing, he had to think of a plan to escape. As the phythron slowly passed them, Mistry whispered "If everybody distracts the

## Amazing English work!

This half term, we have been working on writing two narratives. One involved writing an alternative ending to a story inspired by the film 'Up' and the other was an entire story about an insect on a mission who encounters a BIG problem and has to solve it.

We have been very impressed with the children's hard work, brilliant ideas and their super editing skills. Here are some snippets!

## READING AT HOME

A large number of children in Year 3 are not reading 3 times a week at home. Please try to do this as much as possible as it really does support your child's progress across the whole curriculum.
