Maths

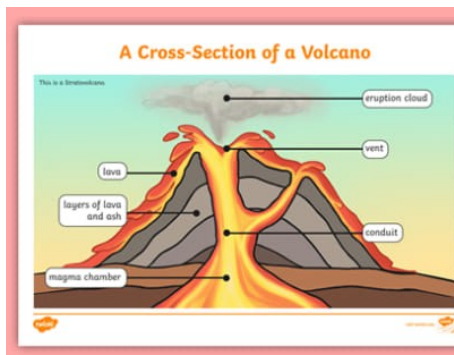

We started learning about area this week. We know that area is the amount of space inside a 2D shape and we have started to count squares to find areas.

We even used post-it notes to make our own shapes!

Topic

Before half term, we learnt about volcanoes: how they were made and where they are located on the earth.

This week, we learnt about the eruption of Mount Vesuvius over Pompeii and how what was left has helped us learn about how the Romans left.

PE days—plain kit or school uniform.
