

We've had a super start to the new term! We have already had a virtual visit, via Google Earth, to France and Paris to see some of the wonderful attractions there. This week, we have also been studying various maps and the different purposes they have. We have then been using these maps to choose the region we want to visit in France. Over the next few weeks, we are going to compare different locations in France, learn to paint in different styles and create new bread recipes to bake our own bread—YUM!

MATHS:

In maths, we have been learning to multiply 4 digits by 2 digits as well as working on using the 'bus stop' method for short division.

$$2,313 \times 32 =$$

TTh	Th	H	T	O
	2	3	1	3
×			3	2
	4	6	2	6
+	6	9	3	9
	7	4	0	1
	1	1	1	

(2,313 × 2)
(2,313 × 30)

Please do take a look at our Maths Policy and calculation videos on the school website if you would like to support your child with these concepts.

$$261 \div 3 = 87$$

Quick recall of x table facts are essential for accuracy so do please keep encouraging your child to work on their times tables.

$$3 \overline{) 2621} \begin{matrix} 0 & 8 & 7 \\ 2 & 2 & 6 & 2 & 1 \end{matrix}$$

COMPUTING

We have started to learn about programming. We are using 'crumbles' to create computer programmes.

English

In English, we have been persuading our readers to visit a particular destination to eventually create a class travel brochure. We have created some convincing guides from Bali to Paris to Norway! Showcasing the vibrant streets full of life, crystal-clear waters and memories to last a lifetime. We cannot wait to read their published work!

Homework Expectations (Friday to Friday)

Reading - at least four times a week

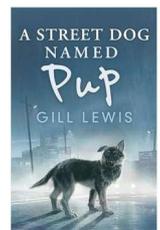

Spelling focused activity (paper based)

Times tables focused activity (paper based)

TTRockstars/Spelling Shed - **optional** extra
