

Year Three!

Dereham Delivers!

In our latest topic we have been focusing on Geography and looking at how different areas of land in Dereham are used. Each class spent the morning walking around Dereham and then finished at the park to draw a sketch map to help us answer the question "How can Dereham deliver better parks for all ages?". We were incredibly proud of their behaviour while representing the school and have created some great sketch maps!

French

In French, the children have been learning some of their animals. They have been using the phrase 'Je suis...' to tell us what animal they are. If you are looking for a challenge at home see how many you can remember!

Parents'/Carers' Consultation

REMINDER - Bookings for Parents'/Carers' Consultations are now live. These are taking place on **Wednesday 11th March 2026** and **Thursday 12th March 2026**. For further information please see the letter on our website or contact the office. We look forward to seeing as many of you as possible.

Thanks!
