

YEAR FOUR

Dereham
Church Of England
Junior Academy

We have been very busy in year 4. We've made great leaps in our maths learning and very cheekily used our desks to help us with our fraction work!

Thanks to the **FRIENDS** we were able to have One Day Creative in for part of our water cycle topic. Here are some photos showing how we can save our water!

Art has been a big focus recently. We have sketched our own still life inspired by Egypt.

We even found ourselves enjoying the weather of March creating some Andy Goldsworthy inspired art.
